Mr. William T. Taylor, P.E.
Associate Principal Engineer
Energy and Environment
General Mills, Inc.
9000 Plymouth Avenue North
Minneapolis, Minnesota 55427

Re. December 13, 1994 Meeting

I am writing to confirm the meeting that we scheduled for Tuesday, December 13, 1994, at 1:30 p.m. to discuss U. S. Environmental Protection Agency's (EPA's) Five-Year Review Report for the General Mills/Henkel Corporation Site. As I indicated in our conversation, the meeting will be held at the Minnesota Pollution Control Agency (MPCA). We will be meeting in Conference Room 1 on the Fifth Floor.

The purpose of the meeting is to discuss the recommendations contained in the Five-Year Review Report. Specifically, as we discussed, EPA and MPCA staff are interested in hearing General Mills' response to the recommendations in the report. I am enclosing a proposed agenda for the meeting. We will assume that General Mills will be prepared to address each agenda item at the meeting. Please let me know prior to the meeting if you would like to incorporate any changes to the agenda. Also, I am assuming that we would apprise each other of any changes to the list of meeting attendees that you and I discussed.

If there are questions or you wish additional information, please contact me. We shall look forward to meeting with you.

Sincerely,

Dagmar M. Romano
Project Manager
Response Unit I
Site Response Section
Ground Water and Solid Waste Division
